

FirstEnergy's Pennsylvania Utilities Rebate Requirements

- Applicant must be a Pennsylvania residential customer of Met-Ed, Penelec, Penn Power or West Penn Power, FirstEnergy's Pennsylvania utilities.
- **Rebates are available for new installation or replacement of an ENERGY STAR certified, variable-speed in-ground pool pump motor to replace a single speed motor, purchased in stores or online between June 1, 2021 and May 31, 2026. All rebate applications must be submitted within 90 days of purchase and postmarked or submitted online by June 6, 2026.**
- Only variable-speed pool pump models found at energystar.gov are eligible for a rebate.
- **Rebate application with valid customer account number must be accompanied by a legible copy of the paid itemized sales receipt showing proof of purchase that includes manufacturer, model number, store name, store location, purchase price, and date of purchase.**
- Payment will be issued to the account holder and mailing address on record with the utility.
- Please allow up to 30 days from the date all required information is received to process your rebate. For the fastest rebate possible, submit your rebate application online at energysavePA.com/rebates.
- All rebated products must be used at the service (install) address specified on the rebate application.
- Program procedures, requirements and rebate levels are subject to change or cancellation without notice and are subject to available program funds.
- FirstEnergy's Pennsylvania utilities and/or their designees including program administrators do not endorse any manufacturer or product as part of this program.
- By submitting this rebate application, you acknowledge FirstEnergy's Pennsylvania utilities right to audit this application and if requested, you will allow a representative from FirstEnergy's Pennsylvania utilities reasonable access to verify installation of qualifying product(s).
- By participating in these energy efficiency and peak demand reduction programs, customers agree to allow their utility to retain ownership of all Capacity Rights which refers to the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by the Company. Your utility will aggregate these energy efficiency demand reduction attributes into the PJM capacity market with proceeds being used to offset the program costs.
- By submitting this FirstEnergy's Pennsylvania utilities rebate application, you acknowledge and agree to the rebate requirements found on this rebate form.

Take advantage of energy-saving rebates from FirstEnergy's Pennsylvania utilities at energysavePA.com/rebates or call 855-897-6394 for more information.

\$300 Rebate on ENERGY STAR® Certified Variable-Speed Pool Pumps

Compared to standard pool pumps, ENERGY STAR certified in-ground pool pumps:

Use up to 65% less energy

Can help you save up to \$450 per year in energy costs

Run more quietly

Can help prolong the life of your pool's filtering system

The costs of energy efficiency programs are recovered through customer rates in accordance with PA Act 129 of 2008. For a complete list of commercial, industrial, residential, and low-income energy efficiency programs, please visit energysavePA.com.

FirstEnergy's PA Utilities Residential Rebates Program
120 N. Racine Ave., Suite 220
Chicago, IL 60607

See back panel for additional requirements.

Take advantage of this
energy-saving rebate:

\$300 with an ENERGY STAR® Certified Variable-Speed Pool Pump

Receive a \$300 rebate when you purchase and install an ENERGY STAR certified variable-speed in-ground pool pump motor to replace a single speed motor.

For a list of qualifying models, visit energysavePA.com/rebates to verify the variable-speed pool pump model meets the rebate requirements.

Did you know?

Your pool pump could be your home's second largest energy user, costing you nearly \$560 in energy every year.*

Pool pumps that have earned the ENERGY STAR are independently certified to save energy, save you money and help protect the environment. Visit energystar.gov for more information.
