

# ENERGY STAR® Certified HVAC Equipment Rebate Application Form

The HVAC Program provides rebates for the installation of high-efficiency HVAC equipment or maintenance to Pennsylvania residential customers of Met-Ed, Penelec, Penn Power and West Penn Power. Please submit one application per outdoor unit.

For rebate processing, submit your rebate application online at [energysavePA.com/rebates](http://energysavePA.com/rebates), via email to [FirstEnergyRebates@franklinenergy.com](mailto:FirstEnergyRebates@franklinenergy.com) or mail to: **FirstEnergy PA utilities' Residential Rebates Program, PO Box 510861, New Berlin, WI 53151**

## REQUIRED FOR PROCESSING

1. A paid invoice dated between June 1, 2021 and May 31, 2026, indicating the type of equipment, installation date, purchase price, model and serial numbers.
2. An Air Conditioning, Heating, & Refrigeration Institute (AHRI) certificate, including unit model number, capacity and efficiency performance ratings. All minimum efficiency ratings must be met to qualify for a rebate.

## HVAC ENERGY EFFICIENCY SYSTEMS

Minimum Efficiency Requirement	Manufacturer	Condenser Model No. Outside Unit	Condenser Serial No. Outside Unit	Coil Model No. Inside Unit	Age of Existing Equipment	Is the existing equipment operational?	AHRI Reference No.	Rebate Amount
<b>Central Air Conditioner - ENERGY STAR-Certified as certified by AHRI - New Installation or replacement of a Central Air Conditioner with an ENERGY STAR-Certified model.</b>								
Split System; SEER2 ≥ 15.2 and EER2 ≥ 12 and ENERGY STAR-certified								\$150
Split System/Single Package; SEER2 ≥ 16.9 and EER2 ≥ 12.4 and ENERGY STAR certified								\$250
Did you install a furnace with your central air conditioner?		<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Furnace is existing <input type="checkbox"/> Furnace Model Number _____						
If your AHRI reference number includes a furnace, please provide the furnace model number as this information is required to qualify for the central air conditioner rebate.								

## Air Source Heat Pump - ENERGY STAR-Certified as certified by AHRI - New Installation or replacement of an Air Source Heat Pump with an ENERGY STAR-Certified model.

Split System; SEER2 ≥ 15.2 and EER2 ≥ 12 and HSPF2 ≥ 7.8 and ENERGY STAR-certified								\$250
Single Package; SEER2 ≥ 15.2 and EER2 ≥ and 11.5 HSPF2 ≥ 7.2								\$250
Split System/Single Package; SEER2 ≥ 16.9 and EER2 ≥ 12 and HSPF2 ≥ 8.2 and ENERGY STAR-certified								\$500
Did you install a furnace with an air source heat pump?		<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Furnace is existing <input type="checkbox"/> Furnace Model Number _____						
If your AHRI reference number includes a furnace, please provide the furnace model number as this information is required to qualify for the heat pump rebate.								

\*Primary: dining room, family room, hallway, living room, kitchen areas or recreational room.  
Secondary: Basement, bathroom, bedroom, laundry/mudroom, office, storage room or sunroom.

## Acknowledgement

By signing this application, I agree to the terms and conditions of this document and certify that the information I have provided is true and accurate.

Contractor	Signature:	Date:	Print Name:

## HVAC Equipment Terms and Conditions

- Equipment and services must be purchased and installed between June 1, 2021, and May 31, 2026.
- Applicant must be a Pennsylvania residential customer of Met-Ed, Penelec, Penn Power or West Penn Power, FirstEnergy's Pennsylvania utilities.
- Rebate application must be submitted within 90 days of HVAC installation date and be postmarked or submitted online by June 6, 2026. Must submit one rebate application form per unit.
- It is the responsibility of the customer to assure that all requirements for the rebate are met. Failure to provide any of the required information will prevent processing of your application.
- Rebate payments are based on the equipment installation date. Customers must abide by the rules and rebate levels in effect on the date of installation. Rebate levels cannot exceed the cost of equipment.
- Purchase must be of a qualified high-efficiency electric central air conditioner, heat pump, geothermal heat pump or ductless mini split heat pump as defined in the table on this rebate application form. Both the condenser and coil/indoor unit must be replaced and installed as a matched set as defined by AHRI.
- HVAC system must be rated in the AHRI database. AHRI certificate must include all installed components, as stated on invoice. Values stated on AHRI certificate must meet minimum program qualifications. For example, a condenser may have an "up to 15 SEER" rating, but when matched with a compressor and furnace, the system may only reach 14.5 SEER as determined by AHRI. Ask your contractor for more details. AHRI ratings for individual components of a system will not be considered valid. **Existing furnaces cannot be listed on the AHRI Certificate.** System must provide domestic space heating and cooling only.
- System must provide domestic space heating and cooling only.
- FirstEnergy's Pennsylvania utilities and/or their designees including program administrators and evaluation contractors reserve the right to review installations to verify completion and measure energy savings to ensure compliance with all program requirements. Such reviews will be made at a time convenient to the applicant. Misrepresentation of installation location or measure eligibility may result in forfeiture of the rebate.
- Program procedures, requirements and rebate levels are subject to change or cancellation without notice and are subject to available program funds.
- Payment will be issued to the account holder at mailing address on record with the utility or to submitting contractor as assigned by customer through their signature on this rebate form.
- Please allow up to 30 days from the date all required information is received to process your rebate(s).
- Installations must be completed in accordance with all laws, codes and other requirements applicable under federal, state and local authority.
- You are urged to seek appropriate consultation concerning any tax liabilities that could be associated with the receipt of the rebate.
- FirstEnergy's Pennsylvania utilities and Franklin Energy, their parents, subsidiaries, affiliates, officers, employees, contractors and agents assume no responsibility for the performance of the equipment or equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of the contractor.
- The customer hereby agrees to indemnify, defend and hold harmless, FirstEnergy's Pennsylvania utilities, their parents, subsidiaries, affiliates, officers, employees and agents from any and all liability associated with this project.
- I understand that I may be contacted by FirstEnergy's Pennsylvania utilities via survey or questionnaire to provide feedback on my satisfaction with this project.
- By submitting this application, customer agrees to the terms and conditions of this document and certify that the information I have provided is true and accurate.
- By submitting this rebate application, you acknowledge FirstEnergy's Pennsylvania utilities right to audit this application and if requested, you will allow a representative from First Energy's Pennsylvania utilities reasonable access to verify installation of qualifying product(s).
- By participating in these energy efficiency and peak demand reduction programs, customers agree to allow their utility to retain ownership of all Capacity Rights which refers to the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by the Company. Your utility will aggregate these energy efficiency demand reduction attributes into the PJM capacity market with proceeds being used to offset the program costs.
