FEBRUARY 2023

Program Updates

There is a 180-day look-back for downstream measures. If you have completed a project in the last 180 days, please reach out to your local energy advisor for information on submission.

Upcoming Events

Meet and Greet!

You are invited to learn about FirstEnergy's Pennsylvania utilities' Energy Efficiency Programs. Energy Advisors from Willdan and Franklin Energy will answer any questions and provide an overview of all available programs.

Our next Program Ally Meet and Greet will be held in March. Please look for your invitation in your inbox to register. You'll enjoy food and drinks and discover the great, new incentives available to you!

Why You Should Become a Program Ally

Whether you are interested in becoming a program ally (or already are one), you'll find everything you need to know right here about all the benefits.

1. **Program ally resources:** Get help increasing sales, growing your profile and training your team as part of your program ally network.
2. **Technical resources:** Access calculators and other tools to estimate potential energy savings on future energy-efficiency projects.
3. **Events:** Stay up to date with the latest information on trainings, incentives and more.

We're here to help you in all that you do for our customers!

The Benefits of Being an Instant Discount Program Distributor

The Instant Discount Program gives distributors an instant advantage:

- Maintain competitive quotes to win jobs
- Build customer loyalty as a trusted partner by helping save energy and money on qualified purchases
- Less paperwork and no waiting for incentive checks

It's easy to become a participating distributor. **Sign up today!**

Call 844-323-6399 or email us at MidFirstEnergyPA@franklinenergy.com

Rebates are available to commercial and industrial customers of FirstEnergy's Pennsylvania utilities on qualified products and services purchased between June 1, 2021 and May 31, 2026.

The costs of energy efficiency programs are recovered through customer rates in accordance with PA Act 129 of 2008. For a complete list of commercial, industrial, residential, and income-eligible appliances, please visit energysavePA.com.

By participating in these energy-efficiency and peak demand reduction programs, customers agree to allow their utility to retain ownership of all Capacity Rights which refers to the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by the Company. Your utility will aggregate these energy-efficiency demand reduction attributes into the PJM capacity market with proceeds being used to offset the program costs.
